Sing-la-Too's Governor and Forty Electric Wires Start a Slight An Offer to Small Subscribers of Officials Put to Death.

General Uprising.

Their Plans Were Exposed Through a Premature Outbreak.

VANCOUVER, B. C., May 23 .- Through Chinese are flocking into the count he basement. try. The first outbreak occurred in Rushing into the office, he pressed the

head of the movement at that point.

It had been their intention to have uprisings all over the country simultaneously and so paralyze the officials and get control before help could be secured. This break, coming before the general uprising, has given the clue, and the insurgents are being arrested and arms selzed at many points. What the starts are the selzed at many points, what the fire would have been the dence.

the insurgents are being arrested and arms seized at many points. What the effect would have been had the whole plan worked may be judged from what occurred at Sing-la-Too.

There 3,000 fully armed men suddenly mustered, and before the guards could recover from their surprise the Governor's palace was in their possession. No mercy was shown, and the Governor and his forty officers were put to death, many being horribly mutilated. Before the troops could be gathered the insurgents were on the march to Seoul. To this point 600 Chinese soldiers have been sent, but at the date of the last despatch it was feared that, fired by success, the rebels would overcome all opposition. Many arrests are being made at Sing-la-Too, where another uprising was to have taken place. The rebels are even at this point gathering strength, and it is feared that they will set their imprisoned friends free and fire the city.

strength, and it is teared strength, and it is set their imprisoned friends free and fire the city.

Not much faith is had in the Chinese soldiers, who will retreat if anything like determined opposition is shown. At Yokohama the day the steamer sailed the report was received that the Coreans had been subdued, with the loss of 500 lives, but this could not be authenticated.

iden-haired and bright four-year old son of Alfred Dutzi, a Broadway restaurant waiter, living at 110 Vesey street, was found float-

ing in the North River, near pier 19, early this morning by Night Watchman Dennis Egan.

The child, who was called "the pet of West street," and was known and loved by many longshoremen, had been missing since May 4. His parents, believing that he had been kidnapped, had a general alarm sent out from Police Headquarters. The fact that his mother had sent Alfie out to play on the day he disappeared and that no one of his many friends could remember seeing him added color to the belief that the boy had been stolen. It is now believed that he fell from the Red Star line dock.

The family had made arrangements to sail for Germany, but the loss of the child prevented the trip. The body was fully identified by the father this morning.

More Aid for the Goldbergs.

"The Evening World" received an additional ejected from their home, 19 Allen street, last

### TO PROTECT THE CONSUMER.

Be Had at \$4.50 a Ton.

It is to protect the consumer from the greed of the dealer who extorts inordipate profits that "The World" continues its sale of coal at \$4.50 per ton. For many years the coal barons have had everything their own way, and their inolence had become unbearable. They have controlled practically the whole

have controlled practically the whole output of the coal mines, and while the miseries of the poverty ground miners have excited the sympathies of the whole country, the outrageous prices exacted from the consumers for coal have aroused indignation.

The people have been helpless, their indignation impotent heretofore. But since "The World" began its fight, its hands have been strengthened and upheld by at least one important handler of coal, the Chase Company, and with its eyes open to immense sales in prospect as the result of an honest competition in the wholesale mart, one of the heaviest coal corporations in the land is arranging for carrying its own coal from its own mines in its own cars to its own pockets on the river front, and will join with "The World" in the good fight for cheaper coal.

The combine has had the retailers by

with "The World" in the good fight for cheaper coal.

The combine has had the retailers by the throat for years, compelling them, perhaps, not reluctantly, to charge exorbitant profits, but the competition started by "The World" has brought many of them to their senses, and they are retailing the fuel to such customers as they dare trust with the secret at much reduced figures. Still, if the reader is not so fortunate as to be included in this class of trusted ones, he may get fis coal at 44.50 per ton by leaving his order at the New York or Brooklyn offices of "The World."

MRS. WINSLOW'S SOOTHING SYRUP IS AN UNEX-celled medicine for children while teething, 25c.

Pay by the Message.

sages for \$150 Per Year.

But, Perhaps, This Is a Reduction That Doesn't "Reduct."

The Metropolitan Telephone and Tele graph Company has at last made what t deems a considerable concession to the public. It has adopted a policy of discrimination between the people who use a telephone a great deal and those who use it but little. The latter class may now obtain telephones at a great reduction, but after they have used he 'phone one thousand times they will have to pay for each additional message sent during the year.

the stairs, Proprietor S. J. O'Sullivan was in the office to receive them and say that the fire would not amount to much. But the guests were not easily quieted. The women were inclined to scream and the men to rush wildly about. But Policemen Thompson and Fay soon arrived and inspired confidence.

It was found the fire had started from the electric wires strung along the celling of the cellar. The firemen cut a hole in the basement floor and flooded the place with water. The greater part of the \$500 damage was done by water.

Fire did \$1,500 damage was done by water.

Fire did \$1,500 damage in the five-story building \$25 Water street early this morning. The first two floors, with the basement, are occupied by Morris Hahn & Co., wholesale liquor dealers. The other floors are vacant.

The fire started in some unknown manner in the basement, and was discovered by Thomas Easton, who keeps a restaurant next door.

The firemen had considerable difficulty in getting at the flames on account of the cellar being filled with boxes and barrels of liquor.

effect and is being offered to subscribers.

"The price of excess messages to be charged to persons adopting the new system will range from 10 cents down to 5 cents each, the price decreasing as the number of messages increases.

"This new method is only to offer to people who have wanted the service, but felt that \$240 was more that they could afford to pay. The present rate of \$240 for the latest improved or what is known as long-distance telephone is not affected. Subscribers may take their choice.

"The larger users don't object to the price they have to pay, but a great many want the service who would not take up nearly so much of 'Central's' time. The new schedule is designed for

time. The new schedule is designed for that class of business.
"Every one of these new stations will be equal in every respect to a \$240 station. The new schedule does not affect any existing subscriber. The reason we have adopted this new method is because there is apparently a large demand for telephone service on this basis.

obasis.

"We now have 10.058 stations in New York, including pay stations. Of these 75 per cent, are long-distance stations, and that is a condition that does not exist anywhere else in the world."

Excursions. CONEY ISLAND. CULVER ROUTE.

No misunderstanding will be permitted regarding this offer.

There is no increasing of the regular rate of 33 a month for paid months to offset the apparent literality of the free months.

These points are plainly stated:

(ii) The offer conceals no scheme to raise the recular rate of \$1 a month for paid months to relieve the physicians from the expense of the profiler free months: \$3 a month will be all that will be charged by these physicians at any time.

(ii) The offer is not confined to any one class of disease. It covers all diseases. It makes no difference what is the matter with you—you have a right to avail yourself of it, providing you do so before June 1.

[1] It is not confined to new patients. It refers to old patients removing treatment as well as to old patients removing treatment as well as to CONEY ISLAND
